**Managerial Accounting for Managers** Eric W. Noreen, Peter C. Brewer, Ray H. Garrison, 2011 Managerial Accounting for Managers, 2nd Edition by Noreen/Brewer/Garrison is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. The Noreen book was created to serve customers who do not wish to teach the financial accounting-oriented content that is included in the Garrison book. Of our three books (the Brewer book, the Garrison book, and the Noreen book), the Noreen book is the most pure management accounting textbook. The other two books have greater amounts of financial accounting content. Managerial Accounting for Managers, 2nd Edition is geared towards professors who love Garrison's market-leading managerial accounting content, but have been bothered by the debits and credits included in the book. It includes the same coverage of managerial accounting topics such as Relevant Costs for Decision Making, Capital Budgeting Decisions, and Segment Reporting and Decentralization without the journal entries. The job-order costing chapter has been extensively rewritten to remove all journal entries. Furthermore, the chapters dealing with process costing, the statement of cash flows, and financial statement analysis have been dropped to enable professors to focus their attention on the bedrocks of managerial accounting--planning, control, and decision making.

Written by some of the most respected authors in accounting, Hospitality Financial Accounting, Second Edition gives a complete introduction to financial accounting principles and demonstrates how to apply them to all facets of the hospitality industry. Updated with the latest developments in the accounting and hospitality fields, Hospitality Financial Accounting, Second Edition covers the basics of financial accounting first and then shows hospitality students how to analyze financial statements and deal with the daily issues they will face on the job.

**Management Accounting** Carlos Correia, Kim Langfield-Smith, Helen Thorne, 2008 This new Southern African edition of Kim Langfield-Smith and Helen Thorne's best-selling Australian Management Accounting text explains the contemporary role of management accounting in organisations – supporting a company's quest for enhancing shareholder and customer value. The effective management of resources, both financial and non-financial, is essential to creating value. Retaining the strategic approach and comprehensive coverage but thoroughly adapted for Southern Africa, Management Accounting Southern African edition is suitable for the one- or two-semester undergraduate course, and is ideal for use over two years of study.

**Financial Accounting Cases** Camillo Lento, Jo-Anne Ryan, 2019-08-16 Canadian Financial Accounting Cases, 3rd edition has been developed to bridge the gap between the foundational concepts and the real world. Students are introduced to the case study methodology for financial accounting, which focuses on identifying the issue, understanding implications, developing alternatives, and making recommendations. Students must also be able to understand the overall financial reporting landscape and the overall impact of the individual accounting issues. The cases range from introductory level to advanced level and can be used as assignments, exams, or for in-class discussions. The cases have been developed using IFRS (Part I), ASPE (Part II) or ASNPO (Part III) as the accounting frameworks, providing students with exposure to many different types of organizational structures, and have been linked to the CPA Competency Map. Instructors are provided with detailed teaching notes and marking keys that will assist in guiding the class discussions and assessments.

**Management Information Systems** Kenneth C. Laudon, Jane Price Laudon, 2004 Management Information Systems provides comprehensive and integrative coverage of essential new technologies, information system applications, and their impact on business models and managerial decision-making in an exciting and interactive manner. The twelfth edition

focuses on the major changes that have been made in information technology over the past two years, and includes new opening, closing, and Interactive Session cases.

*Cost Management* Ronald Hilton, Ronald W Hilton, Professor Prof, Michael W. Maher, Frank H. Selto, 2000-07 The Hilton/Maher/Selto text holds the more modern view that managers are active participants in cost minimization and control. Accountants are moving away from the traditional role of calculating and reporting results towards concentrating on the important tasks of timely analysis, interpretation, and communication of financial and related information.

The Adult Learner Malcolm S. Knowles, Elwood F. Holton III, Richard A. Swanson, RICHARD SWANSON, Petra A. Robinson, 2020-12-20 How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of *The Adult Learner* has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of *The Adult Learner* will provide basic instructor aids including a PowerPoint presentation for each chapter. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.
